January 27, 2010, Milwaukee, WI— As the Voter ID bill inches closer to a vote, Media Trackers would like to take time to remind Wisconsinites that despite assertions by the Left that voter fraud is a □problem that does not exist,□ felony charges and convictions of voter fraud keep occurring in Wisconsin.

Frank Edmund Walton: GUILTY

Frank Edmund Walton was convicted and sentenced on December 6, 2010 of one count of falsely procuring voter registration during the 2008 Presidential Election. Walton was employed and paid by the Community Voter□s Project, a group organized by the Fund for the Public Interest, to canvass specific areas of Milwaukee in order to register voters.

According to Milwaukee County Circuit Court documents, Walton served as a Special Registration Deputy (SRD), a voluntary position with the city of Milwaukee Election Commission. SRD□s are trained and deputized to register citizens to vote prior to an election.

Walton□s term with the Community Voter□s Project and as a Milwaukee SRD lasted just 13 days after it was discovered that Walton □had registered a person who was deceased.□¹ ([https://web.archive.org/web/20150109073212/http://mediatrackers.org/wp-](https://web.archive.org/web/20150109073212/http://mediatrackers.org/wp-includes/js/tinymce/plugins/paste/pasteword.htm?ver=327-1235#sdfootnote1sym)

Further investigation found Walton registered approximately 70 voters for the 2008 Presidential election. Of these, □only 16 contain accurate information of an existing voter; a success rate of only 23%.□ Walton attempted to register 54 names with inaccurate or false information pertaining to names, addresses, driver□s license number□s, and dates of birth. His *coup de grace*, which resulted in his discovery was the registration of Joseph Scroggins, who died in 1992.

During the intermittent time between Walton’s departure from the Community Voter’s Project and the subsequent investigation that resulted in charges being brought against him, Walton was employed by the Association of Community Organizations for Reform Now (ACORN), an organization with a rich history of voter fraud.

Frank Edmund Walton was sentenced to 52 days in jail and fined \$500 on December 6, 2010.²
