Mauritius’s economic freedom score is 71.5, making its economy the 19th freest in the 2024 Index of Economic Freedom. Its rating has increased by 0.9 point from last year, and Mauritius is ranked 1st out of 47 countries in the Sub-Saharan Africa region. The country’s economic freedom score is higher than the world and regional averages. Mauritius’s economy is considered “mostly free” according to the 2024 Index.

Committed to structural reforms and policies that promote integration into the global marketplace, Mauritius continues to be a leader in economic freedom. A sound and transparent legal framework strongly upholds the rule of law, and the country’s efficient regulatory environment and open-market policies encourage broad-based and diversified economic development. The start-up process has been simplified, and labor regulations are relatively flexible. Overall monetary stability has been relatively well maintained. Services and tourism remain important economic drivers, and maritime security is a priority.
